Personal Statement

I am Indro, an undergraduate student with a strong passion for becoming a developer and product designer. My interest in UI/UX design is complemented by my professional experience in graphic design, allowing me to blend creativity and technical expertise. I have a deep enthusiasm for programming and have developed skills in C, C++, and JavaScript. My goal is to create innovative and user-friendly products that make a difference. Combining my design background with my programming knowledge, I aim to contribute to the development of cutting-edge solutions and continuously learn and grow in this ever-evolving field.
